Lifeline and Link-up: Eligibility Requirements Have Been Expanded

The Michigan Public Service Commission urges qualifying low-income residents to apply for the Link-Up America and Lifeline Telephone Assistance Programs. These programs make basic local telephone service more affordable for income-eligible families throughout Michigan. Those who qualify could receive discounts for monthly telephone bills and/or initial installation costs of telephone service.

What are the benefits?

Lifeline provides discounts for basic local wireline telephone service to eligible low-income customers.*

- Eligible low-income customers under age 65 can receive a discount of, at a minimum, 20% of the basic local service rate offered by their local telephone provider or \$8.25 per month, whichever is greater.
- Eligible low-income customers 65 years of age or older can receive a discount of, at a minimum, 25% of the basic local service rate offered by their local telephone provider or \$12.35 per month, whichever is greater.

Link-Up reduces the installation charge for phone service by 50%, up to \$30, for telephone service for those customers meeting income eligibility guidelines. Customers can request a deferred payment schedule for the remaining installation charges.

The rate reductions for both Lifeline and Link-Up cannot be greater than the cost of the basic service.

* Discount and reductions only apply to wireline telephone service.

How do you apply?

All local wireline telephone service providers in Michigan are required to provide Link-Up and Lifeline. Contact your local telephone company to apply. The phone number and information on Lifeline and Link-Up can generally be found in the front of your telephone book. You may be asked to provide documentation to demonstrate your eligibility.
